VILLAGE

Full beam on Brittany and its seaside fun. Make of the most of what Brittany has to offer, whether you want to get a tan, just laze around or visit the many attractions. On the water's edge one discovers a cheerful sea where one's day begins in a happy mood between sand and water sports. And when the trawlers re-enter Guilvinec's fishing harbour, you're sure of having made a good catch because you were wise enough to choose a holiday that has the colours of smile.

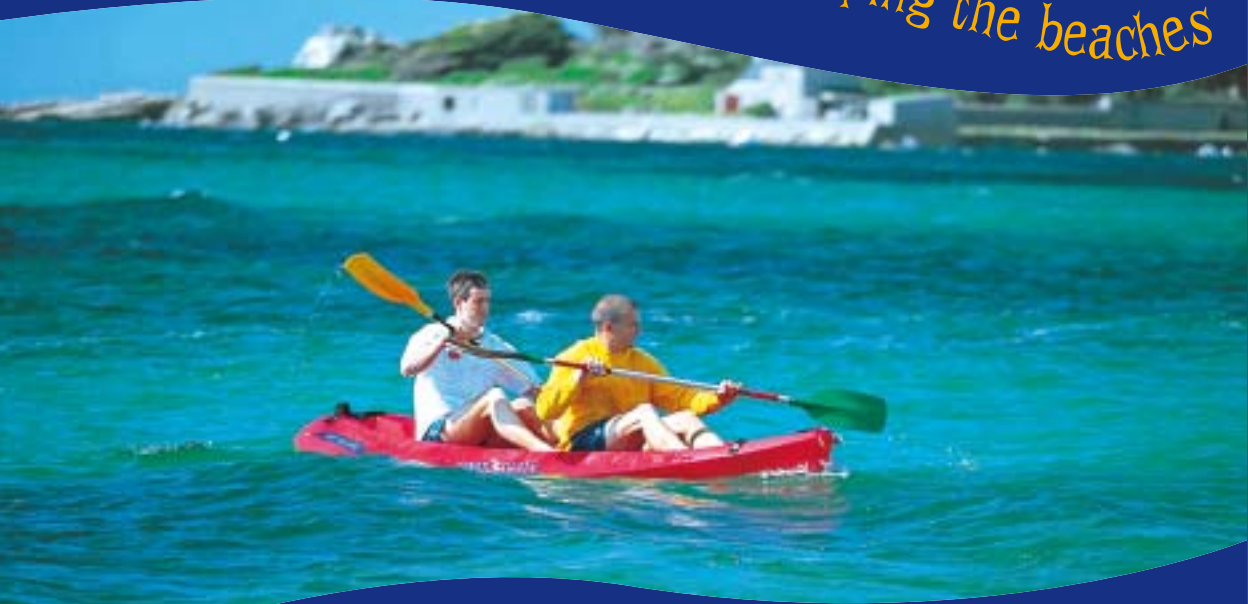

Entertainment and activities follow each other at a pace worthy of the liveliest of ping-pong matches. A liveliness that aims to revitalize and invigorate, encouraging chance encounters, and unique and constantly changing moments of complicity. If you are taken for a ride it will be in a kayak or a catamaran. And “the sea that one sees dancing” (as the Charles Trenet song “La mer” goes) will be watching us with the eyes of complicity as we join in with the karaoke. Holidays at Camping Village La Plage are what holidays are all about.

Even the sand has a great time shaping the beaches

Even the pool sounds like the sea

Even rest makes light of the sun

Even the weather enjoys being lively
